Dear colleague:

It is with great pleasure as the Chair of the Scholarship Committee of ALA-REFORMA's Northeast (RNE) Chapter that I write to you about the next offering of our chapter's *Lillian Marrero Scholarship Award*. This \$1,000 award was established to encourage and provide financial assistance to library science students who are committed to promoting library and information services to Latinos and the Spanish-speaking. In addition, the award is meant to help recruit and nurture more diverse and multilingual library staffs, a goal you probably share as well.

It is our great hope that you will share the enclosed scholarship information and application materials with your Master's and Ph.D. students. These can also be accessed on the RNE website (<http://www.reformanortheast.org/lillian-marrero-scholarship.html>). If either you or your students have any questions, please email me at louismunoz@yahoo.com, or write to me at the address above.

Many heartfelt thanks in advance for letting your students know about the RNE *Lillian Marrero Scholarship Award*, and we wish you and all of your students, faculty, and staff a great rest of the semester, and a wonderful holiday season ahead.

Sincerely yours,

Louis Muñoz Jr.
